instor
KIDER INDIA PVT. LTD.

Instor

Kider India Pvt. Ltd.

We are the largest manufacturer and exporter of retail fixtures and industrial solutions in India. We provide functional, innovative and premium range of display, storage and movement solutions for modern retail stores, warehouses and various industrial applications. From design and manufacturing to installation, service and care, we are your single-point partner for all retail store needs.

Our widest range of pre-made and customised solutions with the highest space utilisation technology, most durability, economical pricing and functional designs help you deliver the best customer experience at every touch point and grow your retail footprint.

Our products pass through toughest tests and are lab certified to give you the best quality, long lasting durability and beautiful aesthetics.

What Makes Instor The Best Choice for Fruits & Vegetables Marts

Based on your store size and requirements, we give you a wide range of configurations and designs for display of vegetables and fruits. Modular units are available in both single sided and gondola options that allow you to display gamut of fruits and vegetables. Materials we use are safe for direct contact with vegetables and fruits and have high resistance to corrosion.

Our fruits & vegetables fixtures are available in a combination of wooden and metal designs that retains freshness and ensures high quality.

CUSTOMER
FRIENDLY**

Why Instor

Businesses choose Instor solutions over other suppliers for unique designs, customer-friendly in-store flow, best utilisation of space and long lasting durability. Our customers see higher return on investments and increased customer retention.

Unique Designs

Our designs make your store look unique, attractive, customer friendly and most functional

High Aesthetic Value

With India's most advanced powder coating unit, you get lasting durability even after 3000 days.

Best Space Utilisation

With our designs and fixtures, you are able to use the floor and wall space in the most effective and functional way

Highest Load Bearing Capacity

Our unique UpRight base and designs give you the highest load bearing capacity in the industry, eliminating the need for extra storage, constant repairs and additional investments.

Easy to Switch Layouts

With ever changing customer behaviours, and new product introductions, you need to modify layouts fast. Our EasySwitch feature allows you to easily and quickly make adjustments or change layouts

Tested & Lab Certified

We run our products through many tests to ensure durability and high resistance to corrosion and harsh conditions. Our products are lab certified to meet highest quality and durability standards.

High Return on Investment

With lab certified durability, attractive designs, ease of shopping and best space utilisation, you get top returns on your investment.

Single Point Execution

From concept and design to build, install and care; our team of experts executes every step flawlessly.

We Care

From a tiny screw to racks and counters, we stand behind everything we manufacture. We are always there to support and serve you.

■ Series of tests we put our products through

1. Bend Test (ISO1519): No paint peel off
2. Cupping (ISO 1520) & Cross Cut Test (ISOI 2409): Ensure perfect paint adhesion
3. Impact Test (ISO 6272): No impact on the paint against weight drop
4. Nugget Test For Welding Measures: Ensure perfect bonding of shelf and omega
5. Salt Test (ASTM B117): 1000 hours of salt test against blistering, corrosion and rusting.
Certified in an independent lab

“

After evaluating products from local providers and China for our store, I can say that Instor's products' quality is far superior and best in the market. Their team helped set up two floors store in just 12 days from start to finish. I highly recommend Instor to anyone looking to set up small or large retail outlets.

- Anil Rathod. Managing Director. **Bagfull Mart**
